

# What is Spotlight on Music?

This correlation integrates the *Spotlight on Music* program with Pre-Kindergarten **Math Connects** and **Florida Math Connects**. You can help students see the application of mathematics in the study of music. It can be used by classroom teachers and/or music teachers to integrate the two programs and help students see the connections.

The *Spotlight on Music* program is a music program with age-appropriate songs and listening selections that inspire and teach children about music. This program will help students learn concepts and skills through reading music, performing music, celebrating with patriotic, seasonal, and holiday music. There are several features in the program that will connect students to musicians and authors. There are also cross curricular connections between the music content and other content areas.
