

Vocabulary PuzzleMaker

Create crosswords, word-searches, and jumbles easily with Vocabulary PuzzleMaker!

Install Macmillan Vocabulary PuzzleMaker 3.1

1. Download and save one of the following files. Select the file that matches your computer's operating system:
 - o MAC
 - o Windows
2. Extract the files to a temporary location on your computer.
 - o If you are using Windows XP, use [WinZip](#) to extract the files.
 - o If you are using a Macintosh, use [Stuffit Expander](#) to extract the files. If the file fails to download properly and you see unintelligible text in the browser window, click the browser "Back" button to return to the download page. Hold down the "Option" key while clicking on the required link. You will be prompted for the location where the file will be saved on your computer. After downloading the file to the selected location, drag and drop the file over your Stuffit Expander program to extract the PuzzleMaker setup files.
3. Within the newly extracted files, locate "Setup" or "InstalMaker" and double-click.
4. Follow the onscreen prompts of the PuzzleMaker Setup Wizard to complete the installation process.

Creating Puzzles with Your New Database

1. Launch Vocabulary PuzzleMaker.
2. Click "Create a New Puzzle".
3. Locate the vocabulary database file
4. Click "Open".

The PuzzleMaker Wizard will launch and you're ready to create!
